About Me

A Web Developer passionate about crafting innovative web solutions that solve real-world problems. Well-versed in the latest web technologies, including HTML5, CSS3, and JavaScript, with a focus on delivering fast and responsive user experiences. With a strong skill set in communication and collaboration, I thrive in team environments and enjoy tackling complex challenges.

Professional Experience

Site Engineer - Kocsa Insaat

March 2020 - Jun 2022 /Full Time

- As a construction project manager, I ordered construction materials, such as concrete and steel, and calculated the required quantities for each project.
- I also made design decisions, such as choosing the wall color, to ensure the project met customer expectations.
- I managed site logistics, arranging vehicles and equipment to minimize downtime.
- To motivate team members, I provided guidance and support to improve performance.
- I also persuaded an architect to comply with regulations by explaining the potential risks associated with changing the position of a column.
- Finally, handled unexpected challenges, such as rainy weather, by reorganizing the work plan to focus on indoor or weather-appropriate tasks.

Education
